

Photography and Filming Policy

In line with our safeguarding and child protection procedures, photographs, videos, or other images of young people will not be taken without the prior consent of the parent/carer.

Wandsworth Juniors Netball Club will take all reasonable steps to ensure that any images are used solely for the purposes for which consent has been granted. Images will be stored securely and shared only in accordance with the club's safeguarding and data protection policies.

If you become aware that any images of our members are being used inappropriately or without consent, you must inform the Club Chair immediately.

Parents/carers are required to indicate their preferences regarding photography and filming of their child during training and matches when completing the club consent form. These preferences will be respected at all times.

Guidance for Parents/Carers Taking Photographs and Filming at Training or Matches

To protect all children and comply with safeguarding guidelines, **parents and carers must seek permission from the club before taking any photographs or filming at training sessions or matches.**

Permission requests must be submitted to the club at least **one week in advance**. This allows the club time to:

- Confirm consent from parents/carers of other children, **including** the opposing team where applicable.

Once permission is granted, parents/carers are expected to:

- Only photograph or film the children for whom permission has been granted.
- Respect the privacy and wishes of other parents/carers who have not given consent.
- Not post images or videos of other children on social media without explicit permission.
- Ensure that images are appropriate and do not include personal information such as full names, school names, or locations.
- Follow any additional guidance provided by the club regarding photography or filming.

The club reserves the right to refuse permission or withdraw it if photography or filming is deemed inappropriate or in conflict with safeguarding policies.

All concerns regarding photography or filming should be reported immediately to the Club Chair or Safeguarding Officer.
